Dear Sir

I received the pictures you sent

Thank for them & sure showed them
to lots of people and they sure get a kick
out of one with me really my dog & I

you are or was but not too good
with remembering names - but was so
many here in group and one in fell
and all it hard to remember people names
part of them their name stuck with me but
still thanks for them I take them with
me & go place show them to people.

If ever out this way do stop in &
see me.
