Dear Seymour:

Please find enclosed your proof sheets of the POSSUM TROT environment.

I apologise that your material was used without authority at G. Ray Hawkins'. As I stated before, I was unaware he used your photographs and had earlier mentioned if it was legal to blow up published photos.

I think the whole thing was unfortunate. I am sure Hawkins would have been interested in exhibiting your originals and of having copies of your book in the book store. In the past, for whatever reason, you have made it apparent you were not interested in assisting us with purchasing your books for give away purposes or in any involvement with POSSUM TROT.

Please feel free to call me if you wish to discuss anything, I am always interested in resolving any problems of the past or in the future, I am,

Sincerely,

A handwritten signature in dark ink, appearing to read 'Larry', written in a cursive style.
