Dear Seymour -

Hope you are well and enjoying life.

Sending this article for your files.

After a few inquiries with some older folks here in town, I have given up on video (or other) interviews. No one was interested in participating.

I have a new job, still in the school system, but at a jr. high school - a promotion & more \$.  
Yippee!

Went to British Columbia for a week w/my sister & love it there, especially Vancouver Island.

What's new w/you? Hope life is good & you are happy!

Love,

Elisabeth Appel
