Dear Ms Leon,

I enclose \$100⁰⁰ to help in securing Art Beals home for him to have the rest of his life. I am happy to do this and am glad that you have instituted this action in the name of justice as well as Art Beal.

I am less certain of the worth of Art Beals' home as a legacy in perpetuity as the expression of his artistic talents. That is not important. The land itself could surely serve as a memorial to Art.

We have found Art to be an interesting man the few times that we have come in contact with him.

Sincerely,

Ava Helen Pauling
