

August 20

Boobie boobie;

Well, I finally got the addresses and names of the pallbearers from Virginia. She Took a while to answer and I haven't had a chance to get over there yet.

besides you and I, they were Leanard Sullivan of Matinez, J.L. Barrett of Placerville(nephew in law), Vince Frankof Concord(nephew in law), and Richard Boyle of Martinez(great newphew in law).

The services were conducted by Rev. Edward Cushnahan, assist pastor of St. Catherine's Church.

The aalter boys were Greg Sullivan and Sam Calicura, great nephews.

Rodias sons are Alfred, of Golf Links Road in Oackland and Frank, of Richmond.

As I said, I haven't been over there since. They have not yet done anything about the headstone so I will talk about the dooz. Although I think you were thinking of it as top piece for the grave itself weren't you? I will try to get over there soon.

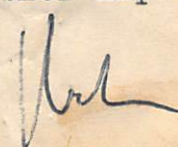

Things have been a little hectiw here lately. Melody's folks are arriving today and we have been making everything very neat and clean and unreal for them.

Did you get all the stuff from Alice., I really don't know if there was anything there or not. I just went through the store-room and grabbed some stuff that was there. It has been sitting there for years and I doubt that I will ever get around to it. ~o do what you want and give the rest to the Goodwill or smething.

No other news right now. Still no work, but with luck the drought may be over by this time next year.

My goodness but wouldn't all those people that smart committee is going to help have had fun with the aesthetically stimulating \$5 million cultural center??? What a fantastic scene that 4 days was. I just hope to God those assholes who run that town learn something from it. lthough from what I've read and heard it doesn't look like they will. I heard your suspended cop friend on radio. He sounds very intelligent. I as sume that nothing happened to the Towers since I didn't read anything about them. In a way that may be too bad because some of those committee members may use that as a sign that they have some supernatural spititual power and that they were spared because these dirty rioters ddep down inside love the towers and decided that, Mike "mother" should be revered and spared, etc. etc. etc.

Say hello to all the hippies and hope you have recovered from all the nice clean, invigorating atmosphere up here. Melody sends here love...like later and all that other hip talk.
