

to all Towers committee members
a party! a party!

bring the kids, your friends,
some flowers, a six-pack
of something cool
and celebrate

100 HAPPY BIRTHDAYS for the artist-sculptor, SIMON RODIA 1879-1979 CENTENNIAL

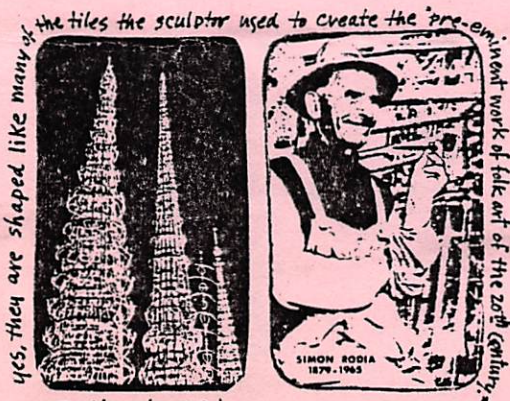

born SABATINO.
called SIMON by custom.
Known as SAM and DON SIMON.
to his neighbors & friends.

Rodia's birth day is the same as Abraham Lincoln's: Feb. 12.
But we couldn't celebrate then because we were very busy
with the Towers emergency repair crisis. So we are doing it now:

Sunday, May 20
2 p.m.
at the towers front gate
(fill the gate with flowers!)

at 3 p.m a sound & color film
of Rodia, building the miracu-
lous sculptures, will be shown
in the art center building.
("Rodia's hat" will be passed.)

auspices of the Board of Directors,
Committee for Simon Rodia's
Towers in Watts (the Towers
Committee, for short.)

collectors!
our unique and rare
RODIA CENTENNIAL BUTTONS
will be available!

BRING A BIRTHDAY CAKE TO SHARE? BANNERS? BATTERS? BALLS?

the state of california has its sign on the Towers and is starting repairs. 😊
